

The Granite State Workers' Compensation Manufacturers Trust

Experience Modification Procedure

In November of a given year, the Administrator will obtain from NCCI the most recent Experience Modification Worksheet (EMW) with an effective date of January 1 of the current year and use this EMW in the current year-end audit premium calculation. The Administrator will also obtain from NCCI the EMW with an effective date of January 1 for the following fund year and use this EMW to calculate the Premium Payment Plan for the following year.

Any errors made by NCCI or special exceptions can be appealed to the Board of Trustees.
